You can't walk on stilts
and you cannot drive a car.
You can't lift eighty pounds
or open a tight jar.
You can't swim in the ocean
and you're not so good at chess.
But there's much more there about you
that makes you a success.

Refrain: When God says, "Do you love me?"
and you answer Him with "Yes."
Then you are not a failure,
you're a big success!
When God says, "Will you follow me?"
And you do what He says,
That's how you know your life is successful.

You don't have lots of money
and you don't own any gold.
You don't live in a castle
and you are not very old.
If I asked you for some treasure,
but you didn't have a thing,
There's still a reason you can smile and sing.

Refrain : When I ask you if you'll help me
and you answer me with "Yes."
Then you are not a failure,
you're a big success!
When you care much more about me
than you care about yourself,
That's how you know your life is successful.
That's how you know your life is successful.
